WORDS FROM FRIENDS

“You are the best friend I could have ever asked for, from when we were little 7 year old kids learning to find our place in the world. The one that always had my back, and I always had yours. We always said we would be friends til we were old and using wheelchairs like the day of the zoo. The memories we made together will last a lifetime!”

Jes

“Thank you for letting me call you a friend. Thank you for always being you; quirky, happy, thoughtful, supportive, helpful, fun and someone who could always make my day. Thank you for making my life journey better just by knowing you. Love you always.”

Kristine

“I could always count on your brutal honesty, genuine kindness and an awkward hug. I will miss that giant smile and crazy positive energy that could just light up the room!”

Shae

“Thank you for being a great friend and an all around amazing person. You were always so thoughtful and never failed to make me laugh. You’ve truly made my life better just by being you. I will always love and miss you.”

Aimee

“You just “get me”. Your interest in music was like no other. You could tell emotion by a song lyric. My funniest memories were with you. You were so smart and cluey. Growing up you made me feel safe. Seeing you become a Mum to Archer made my heart so happy! The world truly isn’t as bright without you. I miss you”
